

SNITCH'S WORD DETECTIVE

From the Snitch and Friends boredom busters series

Hey you, no need to be bored whilst you're stuck at home. In my expert experience of being trapped on the inside I've found it's best to keep your mind busy as you while away the hours. Tell you what, it seemed to work for those prisoners all those years ago, maybe it will work for you too. Let me know once you find the missing word in the puzzle below, maybe it will help me find a way out...

Good Luck, your friend Snitch snitch@maitlandgaol.com.au
